TO REBUILD AT ONCE,

Mesers. W. A. Smoot & Co. are now actively engaged in preparations for restoring their saw and mill plant which was recently destroyed by fire. The work of restoring the office building on work of the northwest corner of Cameron and Union streets is now being pushed by Mr. William Webster, contractor for the brick work, and Mr. S. D. Devaugha will soon begin the erection of a large ware house on the southwest corner of Cam-eron and Union streets. The structure will have a frontage of 44 feet on Union street and will run westward 120 feet on Cameron street. The area occupied by the old mill, northeast corner of Cam-eron and Lee streets, will in future be used as a lumber yard. The site of the new mill has not yet been definitely sa-lected, but it will not be in proximity to the warehouse nor lumber yard. The work of removing the debris from the scene of the fire is now being actively prosecuted by a force of laborers.

LECTURE ON BIRDS.

Miss Katherine H. Stuart, representing the Audubon Society, of which she is an active member, addressed the school on the beautiful and timely subject, "Birds." Her informal talk was copiously illustrated from nature, and this, joined to her interesting personality and pleasing address, made the lecture a most instructive and helpful Miss Stnart made a strong plea in behalf of the preservation of feathered brothers of the forest," ing upon the boys the erection of bird boxes and upon the girls the selection of nature's blossoms rather than bird wings as ornaments for their hats. Her address aroused in her listeners a new interest in the beautiful bird king-dom and the day of her visit will long be remembered as one of the most pleasurable in the school year.—[St. Mary's Academy Monthly Calendar.

WANT A SANE FOURTH.

The commissioners, the board of trade and the chamber of commerce of the District of Columbia have been vieing for several weeks in planning for a same celebration of the Fourth of July. The commissioners several months ago prohibited the sale and private exhibition of fireworks and the indiscriminate use of the same. They have received statistics showing the number of deaths and injuries in the United States from the use of firearms and explosives on independence day, and say they are determined that the capital city shall set an example for a sane celebration of the Fourth of July. The authorities of Alexandria have in recent years done much toward bringing about a more rational celebration of the Fourth of July and Christmas, and it is hoped that they will continue the good work.
